

Panthers Robbed in Montreal

Friday, 19 October 2007

Brooklyn based Panthers had approximately \$3k worth of equipment stolen from outside their hotel room in Montreal. They allegedly paid the Lord Barri hotel an extra 16\$ to put the van in a "safe" parking space.

Frequent visitors to this site might notice that Montreal is about as safe as Philly for touring musicians' equipment. Please take extra special caution when staying there with anything of value.

Panthers Gear stolen in Montreal Updated. List of gear stolen!!!Please be on the lookout.

Current mood: angry

So our van was broken into in Montreal as you know. Don't ever stay at the Lord Barri hotel cause those morons will put your van in a "safe" spot in the employee parking lot behind the hotel in apparently crack ally. And try to charge you 16 bucks for that service as well.

so yeah they cracked our back window and took some of our gear and a bunch of personal stuff. so here is a list for all of you in Montreal. Please be on the lookout in any pawnshops you know of. We are not holding our breath but whatever.

1 Fender Mustang custom guitar with P90 and mini humbucker pickups. Dark green/black with gold trim and has one star on front of body.

1 Boss DS 1 pedal

1 Boss Chromatic Tuner pedal

1 Frantone Peach fuzz pedal

1 Ibanez Weeping Demon wah pedal

1 Nikon D50 digital camera

1 Ludwig SupraPhonic Hand Hammered 402 Snare

1 Tama Grand Star Custom floor tom. 15 by 12. Red

1 Lumix Digital Camera

1 80 G grey ipod

and to everyone on the internt who has bright ideas about what we should have done and how we are idiots for having this happen. and we should have had insurance and brought our equipment into the hotel room even though we were trying to convince them we were only two people and sneak actual humans in there. and love to make alot of bold statements that they would never say to our face.....thanks for all the kind words. We really appreciate the support in

these troubled times. I'm looking right at you board.crewcial.org.
