Saturday, 12 January 2008

Dallas hard rock band [[Drowning Pool]] had their Public Storage space burglarized in late December 2007. This is the second time in three months the band has been victimized. You may recall that they had their gear stolen November 21, 2007 from a storage location situated approximately one block away. They are moving their storage space to an undisclosed location.

CBS 11 News Dallas, TX states that the following equipment was stolen

"Drowning Pool lost two Basson speaker cabinets, four Lakland bass guitars, two Kustom '72 Coupe amplifiers, one D.W. drum kit and other equipment. But this time, there were no cameras to catch the crime."
